**Important Notice Regarding the Availability of Proxy Materials
for the 2014 Annual Meeting of Shareholders:**

We are mailing many of our shareholders a Notice Regarding the Availability of Proxy Materials rather than a full set of our proxy materials. This process is more environmentally friendly and reduces our costs to print and distribute these materials to shareholders. All shareholders who do not receive the Notice Regarding the Availability of Proxy Materials will receive a full set of our proxy materials.

We appreciate your continued support and interest in Marriott Vacations Worldwide.

Sincerely,

A handwritten signature in black ink that reads "William J. Shaw".

PROXY STATEMENT

The Board of Directors of Marriott Vacations Worldwide Corporation (“we,” “us,” “Marriott Vacations Worldwide” or the “Company”) is soliciting shareholders’ proxies in connection with the 2014 Annual Meeting of Shareholders of the Company, and at any adjournment or postponement thereof (the “Annual Meeting”). The mailing to shareholders of the Notice Regarding the Availability of Proxy Materials took place on April 22, 2014.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON JUNE 6, 2014

The Notice of Annual Meeting and Proxy Statement and our 2013 annual report to shareholders are available at www.proxyvote.com.

QUESTIONS AND ANSWERS ABOUT THE MEETING

Why am I receiving these materials?

Marriott Vacations Worldwide has made these materials available to you on the Internet or has delivered printed versions of these materials to you by mail in connection with the solicitation of proxies on behalf of the Board of Directors (the “Board”) for use at our Annual Meeting. This Proxy Statement describes the matters on which you, as a shareholder, are entitled to vote. It also gives you information on these matters so that you can make an informed decision.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of printed proxy materials?

The Securities and Exchange Commission (the “SEC”) permits companies to furnish proxy materials to shareholders by providing access to these documents over the Internet instead of mailing a printed copy. Accordingly, we mailed a Notice Regarding the Availability of Proxy Materials to some shareholders. These shareholders have the ability to access, view and print the proxy materials on a website referred to in the Notice Regarding the Availability of Proxy Materials and request a printed set of proxy materials.

Can I get electronic access to the proxy materials if I received printed materials?

If you received a printed copy of our proxy materials, you may choose to receive future proxy materials by email. Choosing to receive your future proxy materials by email will lower our costs of delivery and will reduce the environmental impact of our Annual Meeting. If you choose to receive our future proxy materials by email,

[Table of Contents](#)

you will receive an email next year with instructions containing a link to view those proxy materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it or for so long as the email address provided by you is valid.

What items will be voted on at the Annual Meeting?

Shareholders will vote on the following items at the Annual Meeting, if each is properly presented at the meeting:

1. Election of the three director nominees named in this Proxy Statement;
2. Ratification of the appointment of Ernst & Young LLP (“Ernst & Young”) as the Company’s independent registered public accounting firm for its 2014 fiscal year;
3. An advisory resolution to approve executive compensation; and
4. Any other matters that may properly be presented at the meeting.

In addition, management will respond to questions from shareholders.

What are the Board’s voting recommendations?

The Board’s recommendation is set forth together with the description of each Item in this Proxy Statement. In summary, the Board recommends a vote **FOR** Items 1, 2 and 3.

Who is entitled to vote?

Only shareholders of record who owned the Company’s common stock at the close of business on April 10, 2014 are entitled to vote. Each holder of common stock is entitled to one vote per share. There were 34,554,961 shares of common stock outstanding and entitled to vote on April 10, 2014.

What is the difference between being a record holder and a beneficial owner of shares held in street name?

A record holder holds shares directly in his or her own name with the Company’s transfer agent. Shares held in “street name” refer to shares that are held in the name of a bank or broker on a person’s behalf. Many shareholders hold their shares in street name. For such shares, the bank or broker is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization how to vote the shares held in your account.

How do I vote?

If you received a Notice Regarding the Availability of Proxy Materials in the mail, you can either vote by Internet (www.proxyvote.com) or in person at the Annual Meeting. You may also vote by mail if you request a paper copy of the materials. Voting instructions are provided on the Notice Regarding the Availability of Proxy Materials.

Record holders that received a copy of this Proxy Statement and accompanying proxy card in the mail can vote by filling out the proxy card and returning it in the postage paid return envelope. Record holders that receive these materials in the mail may also vote in person at the Annual Meeting, by telephone (800-690-6903) or by Internet (www.proxyvote.com). Voting instructions are provided on the proxy card.

If you hold shares in street name, you must vote by giving instructions to your bank or broker. You should follow the voting instructions on the form that you receive from your bank or broker.

[Table of Contents](#)

How will my proxy be voted?

Your proxy card, when properly signed and returned to us, or processed by telephone or via the Internet, and not revoked, will be voted in accordance with your instructions. We are not aware of any other matter that may be properly presented other than those described above. If any other matter is properly presented, the persons named in the enclosed proxy card will have discretion to vote in their best judgment.

If you hold shares in street name, your bank or broker is permitted to use its own discretion and vote your shares on certain routine matters (such as Item 2) even if you have not provided voting instructions. Your bank or broker is not permitted to use its discretion and vote your shares on non-routine matters (such as Items 1 and 3) if it has not received instructions from you as to how to vote the shares. *Therefore, we urge you to give voting instructions to your broker on all three voting items.* Shares that are not permitted to be voted by your broker with respect to any non-routine matter are called “broker non-votes.” Broker non-votes are not considered votes for or against, or entitled to vote with respect to, any of the proposals to be voted on at the Annual Meeting and will have no direct impact on any such proposal.

What if I don't mark the boxes on my proxy?

Unless you give other instructions on your proxy card, or unless you give other instructions when you cast your vote by telephone or the Internet, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority in voting power of the outstanding shares of common stock entitled to vote at the Annual Meeting will constitute a quorum. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How many votes are needed to approve an item?

Directors will be elected by a plurality of all the votes cast at the Annual Meeting, either in person or represented by a properly completed or authorized proxy. This means that the three nominees who receive the highest number of “FOR” votes cast will be elected as directors. Shareholders cannot cumulate votes in the election of directors.

The affirmative vote of shares representing a majority in voting power of the votes cast, present in person or represented by proxy and entitled to vote at the meeting is necessary for approval of Items 2 and 3. Proxy cards marked as abstentions on Items 2 and 3 will not be counted as votes cast but will count as present and entitled to vote and therefore will have the effect of a negative vote.

Who can attend the Annual Meeting?

Only shareholders as of the record date, their proxy holders and our invited guests may attend the Annual Meeting.

What do I need to bring to the Annual Meeting?

Beneficial owners whose ownership is registered under another party's name and who plan to attend the Annual Meeting in person should obtain an admission ticket in advance by sending written requests, along with proof of beneficial ownership, such as a bank or brokerage firm account statement, to: Jeffrey A. Hansen, Vice

[Table of Contents](#)

President – Investor Relations, Marriott Vacations Worldwide Corporation, 6649 Westwood Boulevard, Orlando, Florida, 32821. Beneficial owners who do not present valid admission tickets at the registration counter at the Annual Meeting will be admitted at the Company’s sole discretion and may be required to verify share ownership, which may be established by providing a bank or brokerage firm account statement and photo identification, at the registration counter at the Annual Meeting. Shareholders as of the record date or their proxy holders who plan to attend the Annual Meeting may also be asked to present photo identification at the registration counter at the Annual Meeting to gain admittance to the Annual Meeting.

Can I go to the Annual Meeting if I vote by proxy?

Yes. Attending the Annual Meeting does not revoke your proxy.

Can I change my vote or revoke my proxy after I return my proxy card, or after I vote by telephone or electronically?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised at the meeting. Regardless of the way in which you submitted your original proxy, you may change it by:

- Returning a later-dated signed proxy card;
- Delivering a written notice of revocation to Marriott Vacations Worldwide Corporation, 6649 Westwood Boulevard, Orlando, Florida, 32821, Attention: Corporate Secretary;
- Voting by telephone or the Internet until 11:59 p.m., Eastern Time, on June 5, 2014;
- Voting in person at the meeting.

If your shares are held through a broker or other nominee, you will need to contact that institution if you wish to change your voting instructions.

PROPOSALS TO BE VOTED ON

Item 1 – Election of Directors

The Board consists of eight members and is divided into three classes, each having three-year terms that expire in successive years. The term of the Class II directors expires at the 2014 Annual Meeting of Shareholders. The Board proposes that C.E. Andrews, William W. McCarten and William J. Shaw, each of whom is currently serving as a Class II director, be re-elected to Class II for a new term of three years expiring at the 2017 Annual Meeting of Shareholders and until their successors are duly elected and qualified. Mr. McCarten and Mr. Shaw joined our Board at the time of our spin-off (the “Spin-Off”) from Marriott International, Inc. (“Marriott International”) in November 2011. Mr. Andrews was elected to the Board of Directors effective April 1, 2013 upon the recommendation of the Company’s Nominating and Corporate Governance Committee. Mr. Andrews, who is the only nominee who was not elected by our former parent company in its capacity as our sole shareholder prior to the Spin-Off, was recommended to the Nominating and Corporate Governance Committee by one of our non-management directors. Only the current Class I directors have been elected by the Company’s public shareholders. Proxies cannot be voted for more than the number of nominees proposed for re-election.

Each of the nominees has consented to be named as a nominee and to serve as a director if elected. If any of them should become unavailable to serve as a director (which is not now expected), the Board may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board.

[Table of Contents](#)

Information about the nominees, as well as the current Class I and Class III directors, along with their present positions, their principal occupations and directorships held with other publicly traded companies during the past five years, their ages and the year they were first elected as a director of the Company, are set forth below beginning on page 7.

Our Board of Directors recommends that you vote FOR each of the three director nominees

Item 2 – Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board has appointed Ernst & Young as the Company's independent registered public accounting firm for the Company's 2014 fiscal year. Ernst & Young, a firm of registered public accountants, has served as the Company's independent registered public accounting firm since the Spin-Off. Ernst & Young will examine and report to shareholders on the consolidated financial statements of the Company and its subsidiaries.

Representatives of Ernst & Young are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions. You can find information on pre-approval of independent auditor fees and Ernst & Young's 2013 and 2012 fees beginning on page 16.

Although the Audit Committee has discretionary authority to appoint the independent auditors, the Board is seeking shareholder ratification of the appointment of the independent auditors as a matter of good corporate governance. If the appointment of Ernst & Young is not ratified by shareholders, the Audit Committee will take that into consideration when determining whether to continue the firm's engagement. Even if the appointment is ratified, the Audit Committee at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company.

Our Board of Directors recommends that you vote FOR ratification of the appointment of Ernst & Young as the Company's independent registered public accounting firm for its 2014 fiscal year.

Item 3 – Advisory Resolution to Approve Executive Compensation

We are asking shareholders to approve an advisory resolution on the Company's executive compensation as reported in this Proxy Statement. As described below in the "Compensation Discussion and Analysis" section of this Proxy Statement, the Compensation Policy Committee has structured our executive compensation program to achieve the following key objectives:

- Executive officers should be paid in a manner that contributes to shareholder value.
- Compensation should be designed to motivate executive officers to perform their duties in ways that would help achieve current year as well as longer-term objectives.
- The compensation program must be competitive in order to attract key talent from within and outside of our industry and retain key talent at costs consistent with market practice.

Our executive compensation programs have a number of features designed to promote these objectives:

- Performance-based equity compensation is a significant component of total pay opportunity for our executive officers.
- Annual cash compensation awards are designed to reward the achievement of pre-established financial objectives, individual achievement objectives, customer/guest satisfaction objectives and associate engagement objectives.

[Table of Contents](#)

- We have a long-term incentive plan with share-based payouts at the end of a three-year performance period that rewards executives for meeting key financial objectives.
- We do not provide for a gross-up of excise taxes on any “parachute payments” that could become payable in connection with a change in control.
- Executive officers are provided only limited perquisites and are not provided with tax gross-ups with respect to such perquisites.
- We have a clawback policy applicable to incentive compensation paid to our executive officers and directors, which is in addition to the clawback provision that applies to equity awards issued under the Marriott Vacations Worldwide Corporation Stock and Cash Incentive Plan (the “Stock and Cash Incentive Plan”).
- The Stock and Cash Incentive Plan does not include an “evergreen” provision.
- We cannot, without shareholder approval, “reprice” stock options or stock appreciation rights (“SARs”) by reducing the exercise price of such stock option or SAR, exchanging such stock option or SAR for a new award with a lower exercise price, or exchanging such stock option or SAR for cash (other than in connection with specified corporate transactions).
- We do not provide “single trigger” change in control benefits, except with respect to equity awards which are not retained or replaced with substitute awards following a change in control.
- We have share ownership guidelines that require our Chief Executive Officer to own shares of our common stock with a market value equal to five times base salary and other executive officers to own shares of our common stock equal to two to three times annual base salary. Executive officers who served in such capacity at the time of the Spin-Off are expected to achieve compliance with these guidelines by the end of 2016; other executive officers are expected to achieve compliance by the end of their fifth full year of service.
- Equity grants are made on a consistent schedule and are not made in anticipation of significant developments that may impact the price of our common shares. Annual grants are generally made during the first quarter, after the release of our earnings for the prior year and guidance for the current year, which is intended to ensure that we do not make equity grants when material, non-public information exists.
- We have a policy prohibiting associates, officers and directors from including Marriott Vacations Worldwide stock or other securities in a margin account or pledging such securities as collateral for a loan.
- Our associates, officers and directors may not at any time engage in any form of derivative transactions (such as “short” sales or “option puts or calls”) in our securities.
- We do not have employment agreements with any of our executive officers.
- None of our executive officers are entitled to guaranteed bonuses.

We urge shareholders to read the “Compensation Discussion and Analysis” beginning on page 17 of this Proxy Statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative, appearing on pages 32 through 41, which provide detailed information about the compensation of our named executive officers. The Compensation Policy Committee and the Board of Directors believe that the policies and procedures articulated in the “Compensation Discussion and Analysis” are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement reflects and supports these compensation policies and procedures.

[Table of Contents](#)

In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking shareholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the shareholders of Marriott Vacations Worldwide Corporation (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company’s 2014 Annual Meeting of Shareholders.

This advisory resolution, commonly referred to as a “say-on-pay” resolution, is not binding on the Board of Directors. Although non-binding, the Board and the Compensation Policy Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Our Board of Directors recommends that you vote FOR the approval of the advisory resolution to approve executive compensation.

Board Leadership Structure

Mr. Shaw serves as the Chairman of the Board. Our Corporate Governance Principles provide that when the position of Chairman is held by a non-independent director, such as Mr. Shaw, an independent director will serve as Lead Independent Director, as recommended by the Nominating and Corporate Governance Committee and selected by the Board. Mr. Martinez currently serves as Lead Independent Director. During 2013, Mr. Gellein served as Lead Independent Director until he resigned from the position in April 2013. The Lead Independent Director's responsibilities include: (1) setting the agenda for and presiding over the executive sessions of the non-management directors and independent directors; (2) participating with the Chairman in setting agendas and schedules for Board meetings; (3) chairing Board meetings in the Chairman's absence; (4) acting as a liaison between the independent directors and the Chairman; and (5) being available for consultation and communication with shareholders as appropriate. The Lead Independent Director also has the authority to call additional executive sessions as appropriate.

Six of our eight directors are independent, and the Audit Committee, Compensation Policy Committee and Nominating and Corporate Governance Committee are comprised solely of independent directors. Consequently, the independent directors directly oversee such critical items as the Company's financial statements, executive compensation, the selection and evaluation of directors and the development and implementation of our corporate governance programs.

We believe that the separation of the roles of Chairman and Chief Executive Officer, and the oversight by the independent directors, is the optimal leadership structure for the Company and our shareholders at this time, because it allows our Chief Executive Officer to focus on his duties while benefitting from the Chairman's significant experience at Marriott International and in the hospitality industry.

Selection of Director Nominees

The Nominating and Corporate Governance Committee identifies and recruits candidates for election to the Board. The Nominating and Corporate Governance Committee selects and recommends to the Board director candidates based on character, judgment, personal and professional ethics, personal and professional integrity, values, background experience, technical skills, affiliations, familiarity with national and international issues affecting our business and demonstrated exceptional ability and judgment. Although we do not have a formal policy regarding diversity, our Board views diversity as a priority and seeks diverse representation among its members. The Nominating and Corporate Governance Committee recommends to the Board the Company's candidates for election or reelection to the Board at each annual shareholders' meeting and candidates to be elected by the Board as necessary to fill vacancies and newly created directorships. The Board proposes a slate of nominees to the shareholders for election to the Board. The Board also determines the number of directors on the Board.

The Nominating and Corporate Governance Committee will consider candidates for Board membership recommended by shareholders. Shareholders may recommend nominees for consideration by the Nominating and Corporate Governance Committee by submitting the names and supporting information to: Marriott Vacations Worldwide Corporation, 6649 Westwood Boulevard, Orlando, Florida, 32821, Attention: Corporate Secretary. The supporting information should include the information required by our Bylaws in connection with the

nominations of persons for election to the Board. The Nominating and Corporate Governance Committee will evaluate all candidates, regardless of source, in light of the Board-approved criteria.

Corporate Governance Principles

Our Board has adopted Corporate Governance Principles that meet or exceed the NYSE Listing Standards. The full text of the Corporate Governance Principles can be found in the Investor Relations section of our website (www.marriottvacationsworldwide.com) by clicking on “Corporate Governance.” A copy may also be obtained upon request from our Corporate Secretary. Our Corporate Governance Principles establish the limit on the number of boards of publicly-traded companies on which the Company’s directors may serve at three, including our Board, for directors who are chief executive officers of publicly traded companies, and six for other directors. Our Corporate Governance Principles also establish the limit on the number of audit committees of publicly traded companies on which members of the Company’s Audit Committee may serve, including our Audit Committee, at three.

Director Independence

Our Corporate Governance Principles provide that at least a majority of the Board will consist of independent directors. An “independent” director is a director who meets the NYSE definition of independence, as determined by the Board. To be considered “independent,” the Board must determine that a director has no direct or indirect material relationship with the Company. The Board makes an affirmative determination regarding the independence of each director annually, based upon the recommendation of the Nominating and Corporate Governance Committee. The Board undertook its annual review of director independence in February 2014. As a result of this review, the Board affirmatively determined that six of our eight directors are independent: Mr. Andrews, Mr. Gellein, Mr. Hutchison, Mr. Martinez, Mr. McCarten and Ms. Morgan. Mr. Weisz is not independent as a result of his employment with the Company. Mr. Shaw is not independent as a result of his prior recent employment with Marriott International. Deborah M. Harrison, who served as a member of our Board until her resignation effective as of September 7, 2013, was not independent as a result of her employment with Marriott International.

In assessing director independence, the Board considered relationships with the Company over the past three years, as well as pre-Spin-Off relationships with Marriott International from the beginning of 2011, because the NYSE Listing Standards “look back” three years when evaluating a director’s independence. Specifically, the Board considered that Mr. Martinez is an employee of JP Morgan Chase & Co. (“JPMorgan”), a company that provides various financial and banking services to us (and to Marriott International prior to the Spin-Off), including acting as the lead bank in the syndicate of banks in our Revolving Corporate Credit Facility. Mr. Martinez is not an executive officer of JPMorgan and does not work in the business units of JPMorgan that provide services to us (or to Marriott International prior to the Spin-Off). In addition, payments that we (and Marriott International prior to the Spin-Off) made to or received from JPMorgan were less than one percent of JPMorgan’s consolidated gross annual revenues in each of the last three fiscal years. The Board also considered that Mr. Andrews’ son is employed as an audit manager with Ernst & Young, the Company’s independent registered public accounting firm. Mr. Andrews’ son does not, and has not previously, worked on the Company’s or Marriott International’s audit. Both the Company’s engagement of Ernst & Young and Ernst & Young’s employment of Mr. Andrews’ son began before Mr. Andrews joined our Board. The Board further considered that Mr. Gellein, Mr. Hutchison, Mr. McCarten and Ms. Morgan are affiliated with companies that do business in the ordinary course with the Company (or with Marriott International prior to the Spin-Off) and that in each case the payments fell below the thresholds contained in the NYSE Listing Standards regarding director independence. The Board also considered that Mr. Andrews, Mr. Gellein, Mr. Martinez and Ms. Morgan are or were affiliated with non-profit organizations that have received contributions from the Company (or from Marriott International prior to the Spin-Off) and that in each case, the affiliation between such director and the non-profit organization would not preclude the Board from determining that each such director was independent.

Board and Committee Meetings and Attendance

Our Board met eight times in 2013. No incumbent director attended fewer than 75 percent of the meetings of the Board or any Committee on which such director served. Directors are expected to attend annual meetings of shareholders. Eight of the nine directors in office at the time of our 2013 Annual Meeting of Shareholders, including all incumbent directors, attended that meeting.

Committees of the Board

The Board has three standing committees: the Audit Committee, the Compensation Policy Committee and the Nominating and Corporate Governance Committee. The Board has adopted a written charter for each committee, and those charters are available in the Investor Relations section of our website (www.marriottvacationsworldwide.com) by clicking on “Corporate Governance.” Copies of the committee charters also may be obtained upon request from our Corporate Secretary. Other committees may also be established by our Board from time to time. The composition of our committees is set forth in the chart below.

Audit Committee	Compensation Policy Committee	Nominating and Corporate Governance Committee
William W. McCarten (Chair) C.E. Andrews Raymond L. Gellein, Jr. Thomas J. Hutchison III	Thomas J. Hutchison III (Chair) Raymond L. Gellein, Jr. William W. McCarten Dianna F. Morgan	Melquiades R. Martinez (Chair) C.E. Andrews Raymond L. Gellein, Jr. Thomas J. Hutchison III William W. McCarten Dianna F. Morgan

Audit Committee

The Board has determined that each of the members of the Audit Committee is independent as defined under our Corporate Governance Principles, the NYSE Listing Standards and applicable SEC rules. The Audit Committee met eight times in 2013. There is unrestricted access between the Audit Committee and the independent auditor and internal auditors. The Board has determined that all members of the Audit Committee are financially literate, and that Mr. Andrews and Mr. McCarten each possesses accounting or related financial management expertise within the meaning of the NYSE Listing Standards and qualifies as an “audit committee financial expert” as defined under the applicable SEC rules.

The responsibilities of the Audit Committee include, among other things:

- appointing, retaining, overseeing and determining the compensation of our independent auditor;
- approving all terms and fees associated with any audit engagement of our independent auditor;
- overseeing our accounting, reporting, and financial practices;
- overseeing our internal control environment and compliance with legal and regulatory requirements;
- overseeing our independent auditors’ qualifications and independence; and
- overseeing the performance of our internal audit function and the independent auditor.

The Audit Committee meets at least annually with representatives of our Disclosure Committee, a management committee that assists in ensuring the Company’s public disclosures are accurate and timely. A shareholder may receive a copy of the Disclosure Committee’s charter upon request from our Corporate Secretary.

Compensation Policy Committee

The Board has determined that each of the members of the Compensation Policy Committee is independent as defined under our Corporate Governance Principles and the NYSE Listing Standards. The Compensation Policy Committee met four times in 2013.

The responsibilities of the Compensation Policy Committee include, among other things:

- carrying out the Board's responsibilities relating to executive compensation;
- overseeing our overall compensation structure, policies and programs;
- reviewing and approving on an annual basis the corporate goals and objectives with respect to compensation for the Chief Executive Officer;
- overseeing the evaluation and setting the compensation of our other executive officers;
- reviewing a plan for executive succession; and
- reviewing the compensation of non-employee directors and recommending any changes in compensation to the Board.

Nominating and Corporate Governance Committee

The Board has determined that each of the members of the Nominating and Corporate Governance Committee is independent as defined under our Corporate Governance Principles and the NYSE Listing Standards. The Nominating and Corporate Governance Committee met five times in 2013.

The responsibilities of the Nominating and Corporate Governance Committee include, among other things:

- identifying and evaluating director candidates;
- recommending to the Board director candidates for election;
- recommending to the Board implementation of corporate governance principles and annually reviewing and recommending changes to these principles as appropriate;
- reviewing our conflict of interest and related party transactions policies and approving certain related party transactions as provided for in such policies; and
- performing a leadership role in shaping our corporate governance.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Policy Committee is or has been an officer or employee of the Company or had any relationship that is required to be disclosed as a transaction with a related party.

Meetings of Independent Directors

Our Corporate Governance Principles require the Board to have at least two regularly scheduled executive sessions a year for the non-management directors without management present, and require the independent directors to meet in executive session at least annually. The Lead Independent Director, who is currently Mr. Martinez, presides at such executive sessions.

Risk Oversight

Our Board is responsible for overseeing our processes for assessing and managing risk. The Board considers our risk profile when reviewing our annual business plan and incorporates risk assessment into its decisions. In performing its oversight responsibilities, our Board receives an annual risk assessment report from

[Table of Contents](#)

the Chief Financial Officer and discusses the most significant risks facing us. The Board believes that its risk oversight process would be effective under a variety of Board leadership structures, and therefore, it does not materially affect the Board's choice of leadership structure.

The Board has delegated certain risk oversight functions to the Audit Committee. In accordance with NYSE requirements and as set forth in its charter, the Audit Committee periodically reviews and discusses our business and financial risk management and risk assessment policies and procedures with senior management, our independent auditor and the Chief Audit Executive. The Audit Committee incorporates its risk assessment function into its reports to the Board.

In addition, the Compensation Policy Committee evaluates any incentives and risks arising from or related to our compensation programs and plans and assesses whether the incentives and risks are appropriate. As discussed in the Compensation Discussion and Analysis below, the Compensation Policy Committee believes that our compensation programs do not present risks that are reasonably likely to have a material adverse effect on the Company.

Communications with the Board

Anyone, including a shareholder, may communicate a concern about the Company's conduct, or about our accounting, internal accounting controls or auditing matters, directly to the Chair of the Nominating and Corporate Governance Committee (who is currently also the Lead Director), to the independent directors, to the non-management/independent directors as a group, or to the Audit Committee. Such communications may be confidential and/or anonymous and may be emailed to business.ethics@mvmc.com or submitted in writing to Marriott Vacations Worldwide Corporation, 6649 Westwood Boulevard, Orlando, Florida, 32821, Attention: Chief Audit Executive. All such concerns are forwarded to the appropriate directors for their review, and are reviewed and addressed by us in the same way that we address other concerns.

Code of Conduct

Our Board has adopted a code of conduct, our Business Conduct Guide, that applies to all of our directors, officers and associates, including our Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer. Our Business Conduct Guide is available in the Investor Relations section of our website (www.marriottvacationsworldwide.com) and is accessible by clicking on "Corporate Governance." Any amendments to our Business Conduct Guide and any grant of a waiver from a provision of our Business Conduct Guide requiring disclosure under applicable SEC rules will be disclosed at the same location as the Business Conduct Guide in the Investor Relations section of our website located at www.marriottvacationsworldwide.com.

AUDIT COMMITTEE REPORT AND INDEPENDENT AUDITOR FEES

Report of the Audit Committee

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. Mr. McCarten and Mr. Hutchison served as members of the Audit Committee during the entire fiscal year ended January 3, 2014. Mr. Gellein served as a member of the Audit Committee from the beginning of the 2013 fiscal year until he resigned effective April 1, 2013; he was reappointed effective December 6, 2013. Mr. Andrews has served on the Audit Committee since April 1, 2013.

Management has the primary responsibility for the financial statements, the reporting process and maintaining an effective system of internal controls over financial reporting. The Company's independent auditors are engaged to audit and express opinions on the conformity of the Company's financial statements to accounting principles generally accepted in the United States and the effectiveness of the Company's internal control over financial reporting.

[Table of Contents](#)

The Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB, regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors the independent auditors' independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended January 3, 2014, for filing with the Securities and Exchange Commission.

Compensation Discussion and Analysis

Our executive officers for whom compensation information is presented in the Summary Compensation Table below, who we refer to as our "named executive officers," are:

Name	Title
Stephen P. Weisz	President and Chief Executive Officer
John E. Geller, Jr.	Executive Vice President and Chief Financial Officer
R. Lee Cunningham	Executive Vice President and Chief Operating Officer
Lizabeth Kane-Hanan	Executive Vice President and Chief Growth and Inventory Officer
Brian E. Miller	Executive Vice President and Chief Sales and Marketing Officer

Executive Summary

Our seasoned management team is led by Stephen P. Weisz, our President and Chief Executive Officer, who has served as President of the Company since 1996 and has over 40 years of combined experience at Marriott Vacations Worldwide and Marriott International. Our nine executive officers have an average of over 24 years of total combined experience at Marriott Vacations Worldwide and Marriott International, with nearly half of those years spent leading our business. We believe our management team's extensive public company and vacation ownership industry experience has enabled us to achieve solid performance and will enable us to continue to respond quickly and effectively to changing market conditions and consumer trends.

Our executive compensation program is designed to embody our compensation principles, and includes the following key elements:

- base salary, which provides our named executive officers a fixed level of compensation;
- annual bonus, which encourages the achievement of current year objectives; and

[Table of Contents](#)

- stock based awards, which align the long-term interests of our named executive officers with the interests of our shareholders and encourage the achievement of longer-term objectives.

Company Performance in 2013

During 2014, we are celebrating our 30th year in the vacation ownership industry. We have been a pioneer in the industry since 1984, when Marriott International became the first company to introduce a lodging-branded vacation ownership product. Our company's results were strong in the year ended January 3, 2014, which includes the impact of a 53rd week as compared to 2012:

- We generated \$1.75 billion of total revenues, including \$672 million from the sale of vacation ownership products, and \$162 million of cash flows from operating activities.
- Total company contract sales were \$694 million, up \$6 million from \$688 million in 2012, including \$9 million of contract sales from the 53rd week in 2013. North America contract sales were \$623 million, up \$40 million from 2012, driven by an 8 percent increase in volume per guest to \$3,200, including \$9 million of contract sales from the 53rd week in 2013.
- Total company development margin was 21.2 percent, and North America development margin was 22.1 percent, an increase of 7.2 percentage points and 3.9 percentage points, respectively, year-over-year.
- We generated \$80 million of net income, up \$73 million from \$7 million in 2012.
- Basic earnings per share increased to \$2.25 per share, up from \$0.19 per share for 2012, and diluted earnings per share increased to \$2.18 per share, up from \$0.18 per share for 2012.
- We repurchased 505,023 shares of our common stock under our share repurchase program for a total of \$26 million.
- We also have strong associate engagement scores compared to the Aon Hewitt benchmarks of "Consumer Services" and "Best Employer."

We consider contract sales, which represent the total amount of vacation ownership product sales from purchase agreements signed during a period where we have received a down payment of at least 10 percent of the contract price, reduced by actual rescissions during the period, to be an important operating measure because it reflects the pace of sales in our business. We believe volume per guest is valuable in evaluating the effectiveness of the sales process as it combines the impact of average contract price with the number of touring guests who make a purchase. We calculate this metric by dividing contract sales, excluding telesales and other sales that are not attributed to a tour at a sales location, by the number of sales tours in a given period. We refer to revenues from the sale of vacation ownership products less the cost of vacation ownership products and marketing and sales costs, divided by revenues from the sale of vacation ownership products, as development margin.

Compensation Actions in 2013

The Compensation Policy Committee made the following key compensation decisions for 2013:

- **Base Salary.** The Compensation Policy Committee made salary adjustments for our named executive officers in February 2013, effective December 29, 2012.
- **Annual Bonus.** For 2013, the Compensation Policy Committee established a management bonus plan (the "Bonus Plan") for the named executive officers, intended to reward them for achievement of pre-established financial, operational and associate objectives. The financial objectives, with respect to which 60 percent of the amounts payable under the Bonus Plan may be earned, consisted of Adjusted EBITDA, Net Income and Development Margin (each of which is defined below), which were selected because they are important indicators of the Company's profitability and sustainability. With respect to

[Table of Contents](#)

the financial objectives, performance for 2013 was at 109.2 percent of the target achievement level for Adjusted EBITDA, 116.3 percent of the target achievement level for Net Income, and 118.7 percent of the target achievement level for Development Margin.

- Equity Compensation. In February 2013, the Compensation Policy Committee approved the annual equity awards for 2013 for our named executive officers. The awards were a mixture of restricted stock units (“RSUs”), SARs and performance-based stock units (“Performance Units”). This was the first annual grant of equity awards to our named executive officers; the awards approved for the named executive officers in December 2011 consisted of a combination of awards in connection with the Spin-Off and the annual equity awards for 2012.

Corporate Governance and Best Practices

Our executive compensation programs contain features that are intended to embody our compensation principles and promote good executive compensation corporation governance.

- We have continued to improve our compensation corporate governance and have recently adopted:
 - A clawback policy applicable to incentive compensation paid to our executive officers and directors, which is in addition to the clawback provision that applies to equity awards under the Stock and Cash Incentive Plan.
 - A policy prohibiting associates, officers and directors from including Marriott Vacations Worldwide stock or other securities in a margin account or pledging such securities as collateral for a loan.
- Performance-based equity compensation is a significant component of total pay opportunity for our executive officers. The chart below reflects the percentage of each named executive officer’s total compensation for 2013 as reflected in the Summary Compensation Table that was performance-based (amounts earned as annual bonus and sales incentive compensation by the named executive officer for 2013 and the grant date value of the portion of the equity compensation that consists of SARs and Performance Units):

Performance-Based Compensation as a Percentage of Total Compensation

- Annual cash compensation awards are designed to reward the achievement of pre-established financial objectives, individual achievement objectives, customer/guest satisfaction objectives and associate engagement objectives.
- We have a long-term incentive plan with share-based payouts at the end of a three-year performance period that rewards executives for meeting key financial objectives.

Table of Contents

- We do not provide for a gross-up of excise taxes on any “parachute payments” that could become payable in connection with a change in control.
- Executive officers are provided only limited perquisites and are not provided with tax gross-ups with respect to such perquisites.
- The Stock and Cash Incentive Plan does not include an “evergreen” provision.
- We cannot, without shareholder approval, “reprice” stock options or SARs by reducing the exercise price of such stock option or SAR, exchanging such stock option or SAR for a new award with a lower exercise price, or exchanging such stock option or SAR for cash (other than in connection with specified corporate transactions).
- We do not provide “single trigger” change in control benefits, except with respect to equity awards which are not retained or replaced with substitute awards following a change in control.
- We have share ownership guidelines that require our Chief Executive Officer to own shares of our common stock with a market value equal to five times base salary and other executive officers to own shares of our common stock equal to two to three times annual base salary. Executive officers who served in such capacity at the time of the Spin-Off are expected to achieve compliance with these guidelines by the end of 2016; other executive officers are expected to achieve compliance by the end of their fifth full year of service.
- Equity grants are made on a consistent schedule and are not made in anticipation of significant developments that may impact the price of our common shares. Annual grants are generally made during the first quarter, after the release of our earnings for the prior year and guidance for the current year, which is intended to ensure that we do not make equity grants when material, non-public information exists.
- Our associates, officers and directors may not at any time engage in any form of derivative transactions (such as “short” sales or “option puts or calls”) in our securities.
- We do not have employment agreements with any of our executive officers.
- None of our executive officers are entitled to guaranteed bonuses.

Philosophy

The Compensation Policy Committee is responsible for approving and overseeing our executive compensation programs. The Compensation Policy Committee has approved, and periodically reviews, compensation principles that form the basis of our compensation philosophy and reflect our belief that strong and consistent leadership is the key to long-term success in our industry. Therefore, in designing and implementing the compensation program that applies to the named executive officers, we emphasized the following three principles:

- Executive officers should be paid in a manner that contributes to shareholder value. Therefore, equity compensation has been a significant component of total pay opportunity for the named executive officers.
- Compensation should be designed to motivate executive officers to perform their duties in ways that would help achieve current year as well as longer-term objectives. This has been achieved by offering a mix of short-term cash-based and long-term equity-based incentives.
- The compensation program must be competitive in order to attract key talent from within and outside of our industry and retain key talent at costs consistent with market practice. We work to achieve this, in part, through our review of the market data and internal pay equity considerations described below in making compensation decisions. The Compensation Policy Committee seeks to establish compensation generally consistent with the median in total direct compensation, while also considering performance and scope of job.

Role of Management, the Compensation Policy Committee and the Compensation Consultant

Our Compensation Policy Committee Chair, Thomas J. Hutchison III, with input from our Chairman, William J. Shaw, made recommendations to the Compensation Policy Committee with respect to Mr. Weisz's compensation. With input from our human resources department, Mr. Weisz made compensation recommendations for the other named executive officers. The Compensation Policy Committee approved the total compensation packages for each of the named executive officers, including base salary, annual bonus targets, actual bonuses earned, and equity awards. In designing and implementing compensation programs applicable to the named executive officers, our Compensation Policy Committee considered the advice and recommendations of its compensation consultant, Exequity LLP. Additional information regarding Exequity LLP is provided below.

2013 Compensation

The elements and levels of our named executive officers' compensation were not determined through rigid, categorical guidelines or formulae. The Compensation Policy Committee considered market data (as described below), and also considered internal factors, such as job level, experience, time in position and internal pay equity, as well as subjective factors such as leadership ability, individual performance, retention needs and future potential, as part of the management development and succession planning process.

Base Salary

In February 2013, the Compensation Policy Committee approved the following base salaries, effective as of December 29, 2012: Mr. Weisz, \$750,000; Mr. Geller, \$420,000; Mr. Cunningham, \$380,000; Ms. Kane-Hanan, \$350,000; and Mr. Miller, \$590,000. In making adjustments to base salaries, the Compensation Policy Committee considered market data, as well as internal factors, experience, time in position and internal pay equity, and subjective factors such as individual performance and future potential. No specific weightings were assigned to the factors considered. The Compensation Policy Committee expects to review base salaries for the named executive officers annually to determine whether base salary levels are commensurate with the officers' responsibilities and the competitive market.

Bonuses and Incentives

Annual Bonuses

For 2013, the named executive officers participated in the Bonus Plan, which was intended to reward executives for achievement of pre-established financial, operational and associate objectives. The potential awards under the Bonus Plan are reported in the Grants of Plan-Based Awards for Fiscal Year 2013 table, and the actual award amounts earned under the Bonus Plan are reported in the Summary Compensation Table following this Compensation Discussion and Analysis.

For the named executive officers, target awards as a percentage of base salary for 2013 were as follows: Mr. Weisz, 100 percent; Mr. Geller, 75 percent; Mr. Cunningham, 60 percent; Ms. Kane-Hanan, 60 percent; and Mr. Miller, 50 percent. In making adjustments to target award percentages, as well as in determining the differences in the target award percentages among the named executive officers, the Compensation Policy Committee primarily considered market data and internal factors, including pay equity with other officers, differences in responsibilities, future potential and, with respect to Mr. Miller, the fact that he participates in the sales incentive plan described below. The maximum award for each named executive officer was 200 percent of such named executive officer's target award.

Awards under the Bonus Plan also were contingent upon a compensation formula based on earnings (as reported in our financial statements), before interest expense (excluding consumer financing interest expense, which is described below), provision for income taxes, depreciation and amortization ("EBITDA"). Under the formula used to establish the award pool, the maximum amount that could be paid to executive officers covered by the compensation formula as a group was six percent of EBITDA for the fiscal year ended January 3, 2014.

[Table of Contents](#)

The maximum award for Mr. Weisz, as the Chief Executive Officer, was 40 percent of this pool, the maximum award for Mr. Miller was 30 percent of this pool (which includes amounts payable under the sales incentive plan described below), and the maximum amount that could be paid to each of the other named executive officers (other than Mr. Geller) was 15 percent of the pool. In addition, individual annual award amounts are limited to \$4 million as provided in the Stock and Cash Incentive Plan. These limits establish the maximum annual incentive awards that could be paid.

Subject to the overall plan maximums described above, the Bonus Plan rewarded executives for achievement of pre-established financial, operational and associate objectives. The financial objectives were Adjusted EBITDA, Net Income and Development Margin. Adjusted EBITDA and Development Margin were also the financial objectives for the 2012 bonus plan; Net Income was added for 2013. These performance measures were selected because they are important indicators of the Company's profitability and sustainability. The specific performance level percentages for the Adjusted EBITDA, Net Income and Development Margin objectives were set by the Compensation Policy Committee in consultation with its compensation consultant and with input from Mr. Weisz and Mr. Geller.

For all named executive officers, Adjusted EBITDA was the most heavily weighted performance criteria, because it is reflective of the financial viability and success of the Company in the performance year. "Adjusted EBITDA" means EBITDA, excluding the impact of restructuring charges (as defined below), and activity not associated with our on-going core operations. Adjusted EBITDA includes the impact of interest expense associated with our debt from the securitization of vacation ownership notes receivable, including the utilization of our warehouse credit facility (which we refer to as consumer financing interest expense). Restructuring charges include expenses associated with our organizational and separation related efforts and costs to execute our strategic initiatives that were identified at the time of our Spin-Off from Marriott International. The Adjusted EBITDA target was set at \$156 million, a level we believed to be achievable but not certain to be met.

We refer to total earnings as reported in the Company's financial statements as "Net Income." Net Income is calculated by taking total revenues less all of the costs of doing business as referenced in the Company's financial statements, with the exception of activity not associated with the Company's on-going core operations. The Net Income target was set at \$60 million, a level we believed to be achievable but not certain to be met. For 2013, the named executive officers were eligible to receive the portion of the bonus attributable to each of Adjusted EBITDA and Net Income based on the following achievement levels:

Achievement Target	Payout as a Percent of Target
Below 90%	0%
100%	100%
120% and above	200%

For purposes of the Bonus Plan, "Development Margin" consists of revenue from the sale of vacation ownership products less vacation ownership product costs and marketing and sales costs, with the exception of restructuring charges, divided by revenue from the sale of vacation ownership products. While development margin as reported in our financial statements does not exclude restructuring charges, the Compensation Policy Committee determined that excluding these charges more closely aligned this metric with the results of our on-going core operations. The Development Margin target for 2013 was set at 17.1 percent, which we believed to be achievable but not certain to be met. For 2013, the named executive officers were eligible to receive the portion of the bonus attributable to Development Margin based on the following achievement levels:

Achievement Target	Payout as a Percent of Target
Below 90%	0%
100%	100%
110% and above	200%

[Table of Contents](#)

For each of the financial measures, achievement falling between two of the stated performance achievement levels resulted in the payment for that portion of the bonus being interpolated between the corresponding bonus levels. For the fiscal year ended January 3, 2014, we reported Adjusted EBITDA, Net Income and Development Margin of \$175 million, \$80 million and 21.2 percent, respectively. The Compensation Policy Committee approved adjustments to Net Income and additional adjustments to Adjusted EBITDA and Development Margin so that such results would be more closely aligned with and reflective of the results of our on-going core operations. Adjusted EBITDA was adjusted to include a \$5 million charge related to a litigation settlement in our Europe segment and a less than \$1 million charge related to severance in our Asia Pacific segment. Net Income was adjusted to exclude \$10 million of net income related to the extension of rescission periods in our Europe segment. Development Margin was adjusted to exclude \$12 million of pre-tax income related to the extension of rescission periods in our Europe segment and \$2 million of severance in our Europe segment. As a result, bonus payouts were based on Adjusted EBITDA of \$170 million, Net Income of \$70 million and Development Margin of 20.3 percent. This performance was at 109.2 percent of the target achievement level but was below the maximum achievement level for Adjusted EBITDA, 116.3 percent of the target achievement level but was below the maximum achievement level for Net Income, and 118.7 percent of the target achievement level and in excess of the maximum achievement level for Development Margin (see the table below for the weightings for each metric and the actual amount earned in respect thereof for each named executive officer).

In addition to the financial performance measures, the Bonus Plan for the named executive officers also included performance measures based on individual performance as well as measures of operational performance. These performance measures were evaluated subjectively and objectively and, like Adjusted EBITDA, Net Income and Development Margin targets, are intended to establish high standards, consistent with our quality goals, which we believed were achievable but not certain to be met. We believe that the following individual and operational performance measures are important contributors to achieving success within our industry. Payouts under these performance measures can be zero, at target or maximum award levels or, in most cases, interpolated between zero, target and maximum.

- **Individual Achievement:** The Compensation Policy Committee approved a specific set of management objectives for each of the named executive officers that was aligned to his or her responsibilities and role within the Company. At least 50 percent of the amount each named executive officer could receive for performance with respect to his or her individual achievement measures was tied to objectives that are financial metrics. The management objectives generally were expected to be challenging and are among the core duties of the positions.

Examples of the financial management objectives include:

- Achieve resort management and other services margin and rental margin;
- Increase financing propensity; and
- Continue to evolve systems and processes to achieve cost savings.

Examples of operational management objectives include:

- Continue to pursue “asset light” transactions;
- Achieve development and/or asset disposition goals; and
- Fuel future growth for the company.

We do not disclose the specific goals and objectives within, or the relative weighting of, the above objectives because we believe they constitute confidential business information and their disclosure could impair our ability to compete effectively.

- **Customer/Guest Satisfaction:** Customer satisfaction was based on the results of customer and guest satisfaction surveys we developed. Different surveys are used for different aspects of our business, such as Guest Satisfaction for Resort Operations, Sales and Marketing Satisfaction and Owner Services

Table of Contents

Satisfaction. These surveys address topics such as overall satisfaction, quality of service, and cleanliness of properties. Numerical ratings are assigned with the objective of assessing customers' and guests' overall satisfaction compared to the goal that is established at the beginning of each year. The named executive officers were evaluated based on survey responses for the business operations that they support. The achievement of all named executive officers, with the exception of the Executive Vice President and Chief Sales and Marketing Officer, were based on a composite score of the three satisfaction surveys. The composite is a weighted average of the three surveys, based on number of responses. The achievement of the Executive Vice President and Chief Sales and Marketing Officer is based upon the weighted average of the Sales & Marketing Satisfaction survey and the Owner Services Satisfaction survey, weighted based on the number of responses.

- Associate Engagement: Assessment of our associate engagement for the named executive officers was based on our engagement assessment for their areas of responsibility compared to the Aon Hewitt benchmarks of "Consumer Services" and "Best Employer."

The respective weightings of the relevant performance measures and the aggregate target and actual payments under the Bonus Plan are displayed in the table below.

The total amount of payout for each named executive officer was as follows: Mr. Weisz, \$1,350,000; Mr. Geller, \$565,551; Mr. Cunningham, \$395,408; Ms. Kane-Hanan, \$368,472; and Mr. Miller, \$494,429. Mr. Weisz's total payment reflects a 4.45% adjustment approved by the Compensation Policy Committee for exceptional performance with respect to one of Mr. Weisz's individual performance metrics.

Sales Incentive Compensation

Reflecting the significance of customer relations and sales functions to our business and industry practice, Mr. Miller also has been compensated through a sales incentive plan ("Sales Incentive Plan") under which he was compensated based on our achievement of pre-established goals with respect to sales volume, cash marketing and selling costs, and marketing and sales corporate overhead costs. The Sales Incentive Plan was recommended by Mr. Weisz and approved by the Compensation Policy Committee and was established based upon an assessment of competitive pay practices in the vacation ownership industry and marketing and sales functions.

Payouts under the Sales Incentive Plan could have been zero or maximum award levels or interpolated between zero and maximum, which was 50 percent of Mr. Miller's base salary. We report the potential payments under the Sales Incentive Plan for 2013 in the Grants of Plan-Based Awards for Fiscal Year 2013 table, and we include the actual amount

[Table of Contents](#)

paid to Mr. Miller under the Sales Incentive Plan for 2013 in the “non-equity incentive plan compensation” column in the Summary Compensation Table following this Compensation Discussion and Analysis. The cash flow measures used for determining payouts under the Sales Incentive Plan related to contract sales volume, marketing and selling costs, and corporate overhead. We do not disclose the specific goals and objectives within, or the relative weighting of, the above categories because we believe they constitute confidential business information and their disclosure could impair our ability to compete effectively. However, we believe the performance goals were challenging but reasonably attainable at the time the goals were established.

Mr. Miller’s performance was at zero percent of the maximum achievement level with respect to contract sales volume, 35 percent of the maximum achievement level with respect to marketing and selling costs, and 20 percent of the maximum achievement level with respect to corporate overhead. The total amount of payout for Mr. Miller was \$167,105.

Stock Awards

We expect that equity compensation awards will be granted to the named executive officers under the Stock and Cash Incentive Plan on an annual basis. With multi-year and, in some cases, performance-based vesting conditions and the opportunity for long-term capital appreciation, the annual stock awards help us achieve our objectives of attracting and retaining key executive talent, linking named executive officer pay to long-term Company performance and aligning the interests of named executive officers with those of shareholders.

In February 2013, the Compensation Policy Committee approved annual equity awards for 2013 for our named executive officers. The differences in the target award percentages among the named executive officers were determined primarily by considering market data (as described below) and internal factors, including pay equity with other officers, differences in responsibilities, job performance, and future potential. For the named executive officers, the approved value of the awards was as follows: Mr. Weisz, \$1,900,000; Mr. Geller, \$700,000; Mr. Cunningham, \$450,000; Ms. Kane-Hanan, \$400,000; and Mr. Miller, \$400,000. This was the first annual grant of equity awards to our named executive officers; the awards approved for the named executive officers in December 2011 consisted of a combination of awards in connection with the Spin-Off and the annual equity awards for 2012.

The value of the awards was allocated for each named executive officer as follows: 40 percent as RSUs; 30 percent as SARs; and 30 percent as Performance Units. The allocations were the same as with respect to the awards approved in 2011, and were set so as to advance the executives’ alignment with shareholders by increasing their equity ownership, while tying a majority of the awards to future stock price performance and achievement of financial performance goals. The awards are reflected in the Summary Compensation Table for 2013 and the Grants of Plan-Based Awards for Fiscal Year 2013.

The Performance Units granted in 2013 represent the right to receive shares of our common stock at the end of the performance period beginning December 29, 2012 and ending January 1, 2016, in an amount determined based on the Company’s cumulative achievement over the performance period with respect to two performance objectives: Adjusted EBITDA and return on invested capital, each weighted equally. Return on invested capital (“ROIC”) means earnings (as reported in the Company’s financial statements) over the performance period, excluding the impact of interest expense, provision for income taxes, impairments and restructuring charges, and activity not associated with the Company’s on-going core operations, as a percentage of Total Invested Capital. “Total Invested Capital” means the average of the beginning of the performance period and the end of the performance period total assets less current liabilities. The Adjusted EBITDA target was set at \$546 million, a level we believed to be achievable but not certain to be met. The ROIC target was set at 9.5 percent, a level we believed to be achievable but not certain to be met.

The number of Performance Units actually earned will be determined following the end of the Performance Period and shall be equal to 50 percent of the granted number of Performance Units multiplied by a percentage corresponding to the achievement level of the Adjusted EBITDA performance objective plus 50 percent of the granted number of Performance Units multiplied by a percentage corresponding to the achievement level of the

[Table of Contents](#)

ROIC performance objective. The number of shares that will be received can range from zero to two times the number of Performance Units granted and will be based on the following achievement levels:

Achievement Target	Payout as a Percent of Target
Below 80%	0%
85%	50%
100%	100%
115% and above	200%

If performance falls between levels, the vesting percentage will be determined by the Compensation Policy Committee based on straight-line interpolation; provided, however, that no payout shall be made with respect to a performance objective if 80 percent of the achievement target is not obtained.

Performance Units will not vest if the named executive officer does not continue to be an active employee of the Company during the entire period from the grant date through the performance period (unless the named executive officer retires as an approved retiree or dies or is disabled during such period) or engages in competition or acts that are or potentially are injurious to the Company's operations, financial condition or business reputation; the named executive officers are also prohibited from soliciting any of our employees to leave our employment during the period from the grant date until the first anniversary of the termination of the officer's employment for any reason. If a named executive officer retires as an approved retiree during the performance period, a pro rata portion of the Performance Units will continue to vest on the same terms. If a named executive officer dies or is disabled during the performance period, a portion of the Performance Units will vest.

Other Compensation

Perquisites

Following the Spin-Off, we eliminated most of the limited perquisites that prior to that time made up a very small portion of total compensation for named executive officers. In 2013, we offered only a limited number of compensatory room nights and a minimal executive physical benefit. The value of these benefits was included in the executives' wages for tax purposes, and we did not provide tax gross-ups to the executives with respect to these benefits.

Other Benefits

Named executive officers also can participate in the same plans and programs offered to all our eligible employees. Some of these benefits were paid for by the executives, such as elective deferrals under our 401(k) plan (the "401(k) Plan"), vision coverage, long- and short-term disability, group life and accidental death and dismemberment insurance, and health care and dependent care spending accounts. Other benefits were paid for or subsidized by us, such as the company match under the 401(k) Plan, certain group medical and dental benefits, business travel accident insurance and tuition reimbursement. We also pay for life insurance with a payout on death for Mr. Weisz in the amount of two times his base salary (up to a maximum of \$1.5 million), and for each other named executive officers in the amount of such officer's base salary (up to a maximum of \$750,000).

Deferred Compensation

Our named executive officers and approximately 600 other associates are eligible to participate in the Marriott Vacations Worldwide Corporation Deferred Compensation Plan (the "Deferred Compensation Plan"). The Deferred Compensation Plan was recommended by the Compensation Policy Committee and adopted by the Board, and was effective as of July 1, 2013, but no deferrals were made under the Deferred Compensation Plan until after the end of the 2013 fiscal year.

[Table of Contents](#)

We provide the Deferred Compensation Plan because the Compensation Policy Committee wishes to permit certain of our employees to defer the obligation to pay taxes on compensation and bonuses that they are entitled to receive. The Deferred Compensation Plan permits them to do this, while also receiving interest on deferred amounts. We believe that provision of this benefit is important as a retention and recruitment tool as many of the companies with which we compete for executive talent provide a similar plan for their senior employees.

Under the terms of the Deferred Compensation Plan, each participant may elect to defer receipt of up to 80 percent of his or her base salary, bonuses and/or commissions until such future date as he or she elects in accordance with the terms of the Deferred Compensation Plan. The Company may credit participants' accounts with additional amounts, referred to as employer credits, in an amount equal to any matching contributions that the participant did not receive for a year under the 401(k) Plan, or any successor plan thereto, due to the participant's election to defer amounts under the Deferred Compensation Plan. In addition, the Company may, in its sole discretion, credit participants' accounts with additional employer credits which will vest at a rate of 25 percent per year on the first four anniversaries of the date the discretionary employer credit was allocated to the participant's account, provided that the participant remains in continued service with the Company. On a participant's separation from service, unvested discretionary employer credits are generally forfeited. Upon a change in control of the Company or a participant's death or retirement after reaching age 55 and completing ten continuous years of service, all employer credits will immediately vest in full.

A participant in the Deferred Compensation Plan may elect to receive his or her deferred amounts and vested employer credits in a lump sum or in installments over five, ten, fifteen or twenty years at either a separation from service or upon any of the first five anniversaries of a separation from service. Alternatively, a participant may elect to receive his or her deferred amounts and vested employer credits in a lump sum in January of a specified year, so long as employer credits are deferred for at least four years and all other amounts are deferred for at least three years. Participants' accounts will be credited with an investment return based on a fixed rate of interest selected by the administrator or determined as if the account were invested in one or more investment funds made available by the administrator of the Deferred Compensation Plan.

The rate of return was set at 5.6 percent for 2014. To the extent that this rate exceeds 120 percent of the applicable federal long-term rate, the excess will be reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table. The obligations under the Deferred Compensation Plan are not funded by the Company, and therefore participants have an unsecured contractual commitment from us to pay the amounts due under the Deferred Compensation Plan. Because the plan is unsecured, the Compensation Policy Committee believes it is appropriate to provide an appropriate interest rate to compensate for this risk. When payments are due under the Deferred Compensation Plan, the cash will be distributed from our general assets.

Prior to the Spin-Off, our named executive officers and other senior management were able to participate in the Marriott International, Inc. Executive Deferred Compensation Plan ("Marriott Deferred Compensation Plan"), and our named executive officers have balances under that plan.

Change in Control Arrangements

Our named executive officers are participants in the Marriott Vacations Worldwide Corporation Change in Control Severance Plan (the "Change in Control Plan"). Adoption of the Change in Control Plan was intended to maximize shareholder value by retaining key executives through the closing of a Change in Control (as defined below), and to motivate executives to drive business success independent of the possible occurrence of a Change in Control. All of our executive officers are eligible to participate in the Change in Control Plan. Under the Change in Control Plan, the receipt of benefits is subject to a "double trigger," under which benefits, including the acceleration of vesting and/or settlement of equity and cash awards, is available only if the participant's employment is terminated in connection with the Change in Control unless the awards are not assumed in connection with the Change in Control, in which case a single trigger applies. A "change in control" occurs if

[Table of Contents](#)

there is a consummation of certain acquisition, merger, sale, liquidation or similar events or there is a change in a majority of Board members as described in the Change in Control Plan (a “Change in Control”).

Under the terms of the Change in Control Plan, and subject to the conditions thereof, an executive officer who participates in the Change in Control Plan will receive severance benefits if his or her employment is terminated involuntarily by the Company or any of its affiliates, other than due to Cause, Total Disability (as those terms are defined in the Change in Control Plan), or death, or is terminated by the executive officer for Good Reason (as defined in the Change in Control Plan), in each case, within two years following a Change in Control of the Company (a “Termination”). Provided that the executive officer executes a waiver and release of claims in favor of the Company, he or she will be entitled to the following severance benefits: (1) a cash severance payment, payable in a lump sum, equal to two times (or three times, in the case of the President and Chief Executive Officer of the Company) the sum of his or her Base Salary and Target Bonus (as those terms are defined in the Change in Control Plan); (2) twenty-four months (or thirty-six months, in the case of the President and Chief Executive Officer of the Company) of Company-subsidized medical, dental and life-insurance coverage for such executive officer and his or her spouse and dependents, at the same benefit level as provided to the executive immediately prior to the Change in Control, or the cash equivalent of the present value of such coverage; (3) any unpaid Base Salary through the Termination date; (4) any unpaid bonus as of the Termination date for any previously-completed fiscal year; (5) a pro-rata bonus for the fiscal year in which the executive officer’s employment is terminated; and (6) reimbursement of any unreimbursed expenses properly incurred.

In addition to receipt of the severance benefits described above, upon Termination, an executive officer’s stock options and other equity-related compensation will be treated as follows: (1) all restricted stock, RSUs or other share-based awards in a form substantially similar to restricted stock or RSUs will become fully vested as of the Termination date; (2) all unvested or unexercisable options, SARs or other share-based awards in a form substantially similar to options or SARs will become fully vested and exercisable until the earlier of the end of (a) their original term or (b) 12 months (or in the case of certain approved retirees, five years) following the Termination date; and (3) all of the executive officer’s other cash performance-based awards or other share-based awards subject to performance-based vesting criteria will be deemed to be fully vested as of the Termination date, and will be paid immediately thereafter based on a presumed achievement of target levels of performance. However, in the event that no substitute awards, shares or other equity interests are available as of the Change in Control, the participant will become fully vested in his or her awards as of the Change in Control date, and all awards will be immediately distributed or paid, or, in the case of options and SARs, will become fully exercisable. In the discretion of the Compensation Policy Committee, distributions may be made in the form of a cash payment equal in amount to the shares distributed or, in the case of options or SARs, the intrinsic value of such awards.

Any payment otherwise due under the Change in Control Plan will be reduced if necessary so that the payment will not constitute a “parachute payment” under Section 280G of the Internal Revenue Code. The Change in Control Plan does not provide for a gross-up of excise taxes on such “parachute payments.”

Clawbacks

The Compensation Policy Committee recently adopted a clawback policy, which is in addition to the clawback provision that applies to equity awards issued under the Stock and Cash Incentive Plan. Under the clawback policy, in the event of certain restatements of our financial statements, the Board may recoup compensation from a named executive officer who engaged in certain misconduct that contributed to the need for the restatement. Compensation that is based on our achievement of specified financial results, including performance-based equity awards, may be recouped to the extent such compensation would have been lower had it been determined or calculated based on the financial results as restated. In addition, the Board may recoup any compensation from a named executive officer who has engaged in conduct that violates our Business Conduct Guide or in willful misconduct or fraud that causes harm to the Company. Compensation received up to three years prior to the restatement or conduct and after the date the adoption of the policy is subject to potential recoupment under the policy.

Under the Stock and Cash Incentive Plan, we have the authority to limit or eliminate the ability of any executive to exercise options and SARs or to receive a distribution of our common stock under RSUs or other stock awards if the executive engaged in criminal or tortious conduct that was injurious to us or engaged in competition with us.

Stock Ownership Guidelines

The Compensation Policy Committee adopted stock ownership guidelines for our executive officers. Under these guidelines, executive officers are to achieve the following levels of ownership of our common stock (as a multiple of base salary rate as of the last day of the fiscal year for which compliance is being evaluated): Chief Executive Officer, five times; Chief Financial Officer, three times; and all other executive officers, two times. Executive officers who served in such capacity at the time of the Spin-Off are expected to achieve compliance by the end of 2016; other executive officers are expected to achieve compliance by the end of their fifth full year of service.

For purposes of determining compliance with the guidelines, the following are considered shares owned by the executive officer: shares owned by the executive officer and his or her spouse; shares held by a trust any beneficiaries of which are the executive officer or his or her family members; shares held jointly with others; restricted stock awards; restricted stock unit awards; share equivalents deferred in accordance with our plans; and, to the extent earned, performance-based awards. Options, stock appreciation rights and, to the extent unearned, performance-based awards, are not considered owned by the executive officer.

The Compensation Policy Committee receives an annual report of the ownership achieved by each executive officer as of the end of the fiscal year, with the achievement level determined by reference to the average of the closing prices of our common stock for the 20 trading days ending on the last trading day of the fiscal year. The Compensation Policy Committee will determine the action to be taken for failure to comply, which action may include (but is not limited to), requiring all or a portion of an executive officer's annual bonus to be paid in shares, or requiring retention of shares received upon exercise of stock options or SARs or of shares earned upon the vesting of performance-based equity awards.

Pledging and Derivative Transactions

We recently adopted a policy prohibiting associates and officers from including Marriott Vacations Worldwide stock or other securities in a margin account or pledging such securities as collateral for a loan. We also have a policy which prohibits all associates and officers from shorting the sale of our stock or securities, or from buying, selling, writing or otherwise entering into any other "derivative" transaction related to our stock or securities, including options, warrants, puts, calls, and similar rights.

Compensation Consultant

The Compensation Policy Committee has the sole discretion and adequate funding to retain the services of compensation consultants, independent legal counsel or other advisers. Exequity LLP serves as the independent compensation consultant to the Compensation Policy Committee and advises it on developing director and executive compensation programs. During 2013, Exequity did not perform any services for the Company other than in connection with providing advice and recommendations on executive and director compensation. The Compensation Policy Committee has reviewed an assessment of any potential conflicts of interest raised by Exequity's work for the Compensation Policy Committee by considering the following six factors: (i) the provision of other services to the Company by Exequity; (ii) the amount of fees received from the Company by Exequity, as a percentage of Exequity's total revenue; (iii) the policies and procedures of Exequity that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the Exequity consultant with a member of the Compensation Policy Committee; (v) any Company stock owned by the Exequity consultants; and (vi) any business or personal relationship of the Exequity consultant or Exequity with any of the Company's executive officers, and concluded that there are no such conflicts of interest. Using the same six factors, the Compensation Policy Committee has concluded that Exequity is independent.

Market Data

The Compensation Policy Committee considered the external market pay practices of various companies for purposes of the decisions made with respect to the compensation of our executive officers for 2013. Considerations for developing the peer group included company size as measured by revenues (generally one-half to two times the Company’s revenues) and market capitalization (companies with very low or very high market capitalizations relative to the Company were excluded), industry and business model similarities, and trading on a major exchange. The objective was to develop a peer group consisting of 15 to 20 companies with median revenues approximating the Company’s revenues.

The companies in the peer group consist of the following:

Peer Group Companies	
Ashford Hospitality Trust, Inc. Boyd Gaming Corporation Brookdale Senior Living Inc. Choice Hotels International, Inc. Emeritus Corporation Hyatt Hotels Corporation Interval Leisure Group, Inc. Isle of Capri Casinos, Inc. Pinnacle Entertainment, Inc.	PulteGroup, Inc. Ryman Hospitality Properties, Inc. Starwood Hotels & Resorts Worldwide, Inc. Strategic Hotels & Resorts, Inc. Sunrise Senior Living, Inc. Sunstone Hotel Investors, Inc. Toll Brothers, Inc. Vail Resorts, Inc. Wyndham Worldwide Corporation

In addition, in part due to the fact that there are very few public company direct competitors, the Compensation Policy Committee determined that it was appropriate to consider the compensation practices of a general industry peer group as an additional reference point for its 2013 executive pay decisions. Two objective criteria were established as the basis for selecting forty companies in the consumer products industry that participated in Equilar’s Top 25 database and company revenues. Twenty consumer products companies with revenues greater than the Company’s revenues and 20 consumer products companies with revenues less than the Company’s revenues were selected. Company names were not a material factor in selecting the companies for participation.

The companies that met these objective criteria with revenues greater and less than the Company’s consist of the following:

Revenues Greater than the Company’s Revenues	Revenues Less than the Company’s Revenues
Aéropostale, Inc. ANN INC. Bob Evans Farms, Inc. Carter’s, Inc. The Cheesecake Factory Incorporated Chipotle Mexican Grill, Inc. Coinstar, Inc. Constellation Brands, Inc. Cott Corporation Domino’s Pizza, Inc. Fossil, Inc. GNC Holdings, Inc. International Game Technology J.Crew Group, Inc. Spartan Stores, Inc. Tower International, Inc. Tupperware Brands Corporation Ulta Salon, Cosmetics & Fragrance, Inc. The Warnaco Group, Inc. The Wendy’s Company	Brookfield Residential Properties Inc. Callaway Golf Company Deckers Outdoor Corporation DineEquity, Inc. The Finish Line, Inc. Fifth & Pacific Companies, Inc. Furniture Brands International, Inc. Hovnanian Enterprises, Inc. Scientific Games Corporation Stage Stores, Inc. Tempur-Pedic International Inc. The Talbots, Inc. Under Armour, Inc.

The Compensation Policy Committee worked with Exequity in 2012 to develop a new peer group for 2013, which differed from the peer group used in 2012. Hyatt Hotels Corporation, Interval Leisure Group, Inc., Pinnacle Entertainment, Inc., Starwood Hotels & Resorts Worldwide, Inc. and Wyndham Worldwide Corporation remained in the peer group; Apartment Investment and Management Company, Bluegreen Corporation, Corporate Office Properties Trust, Darden Restaurants, Inc., Doral Financial Corporation, Duke Realty Corporation, Host Hotels & Resorts, Inc., Las Vegas Sands Corp. and Ventas, Inc. were not included.

For 2014, the Compensation Policy Committee retained all members of the 2013 peer group other than Starwood Hotels & Resorts Worldwide, Inc. The Compensation Policy Committee will again also consider the compensation practices of a general industry peer group, consisting of forty companies in the consumer products industry that participated in Equilar's Top 25 database and company revenues (i.e., 20 consumer products companies with revenues greater and 20 consumer products companies with revenues less than the Company's revenues), as an additional reference point for its executive pay decisions.

Tax Considerations

Section 162(m) of the Internal Revenue Code ("Section 162(m)") limits a public company's federal income tax deduction for compensation in excess of \$1 million paid to its Chief Executive Officer and the next three highest-paid executive officers (except for the Chief Financial Officer). However, compensation that satisfies conditions set forth under Section 162(m) to qualify as "performance-based compensation" is not subject to the limitation. SARs and some other forms of compensation granted under the Stock and Cash Incentive Plan can be designed to qualify as performance-based compensation. We intend to consider the application of the Section 162(m) limits when structuring and granting various elements of compensation. However, we may determine that the value of preserving the ability to structure compensation programs to meet a variety of corporate objectives, such as equity dilution management, workforce planning, customer satisfaction and other non-financial business requirements, justifies the cost of potentially being unable to deduct a portion of the executives' compensation. In addition, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and related regulations, and the fact that such regulations and interpretations may change from time to time (with potentially retroactive effect), no assurance can be given that compensation intended to satisfy the requirements for deductibility under Section 162(m) will in fact do so.

Risk Considerations

The Compensation Policy Committee reviewed a risk assessment to determine whether the amount and components of compensation for our employees and the design of compensation programs might create incentives for excessive risk-taking by our employees. The Compensation Policy Committee concluded that our compensation programs do not present risks that are reasonably likely to have a material adverse effect on the Company.

Consideration of Prior Shareholder Advisory Vote to Approve Executive Compensation

At our 2013 Annual Meeting of Shareholders, our shareholders voted with respect to an advisory resolution on our executive compensation, and overwhelmingly approved the compensation of our named executive officers as disclosed in the proxy statement for that Annual Meeting. The Compensation Policy Committee considered this support, as well as the other factors discussed in this Compensation Discussion and Analysis, in retaining the fundamental characteristics of our executive compensation program for 2014.

Employment Agreements

We do not have employment agreements with any of our executive officers.

(1) This column reports all amounts earned as salary during the fiscal year, whether paid or deferred under employee benefit plans. Our 2013 fiscal year included 53 rather than 52 weeks, resulting in an additional week of salary. For periods prior to 2012, Mr. Miller's salary includes a fixed incentive component that was payable in accordance with regular payroll practices. For 2011, \$20,665 was withheld from Mr. Miller's incentive payment as a result of an overpayment he received in 2010.

(2) The value reported for Stock Awards and Option/SAR awards is the aggregate grant date fair value of the awards granted in the fiscal year as determined in accordance with accounting guidance for share-based payments, although we recognize the expense of the awards for financial reporting purposes over the service period of the awards. The assumptions for making the valuation determinations are set forth in Footnote No. 14, "Share-Based Compensation," of the Notes to our Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 3, 2014. For additional information on these awards, see the Grants of Plan-Based Awards for Fiscal Year 2013 table below. The Distribution Awards (as defined below), which were granted in 2011, did not result in any increase in aggregate fair value of the underlying Marriott International awards, and as a result are not reflected in this table except to the extent the underlying Marriott International award was granted during 2011. The value reported for the Performance Units is the grant date value based on the probable outcome of the performance conditions as of the grant date. The values of the Performance Units granted in 2013 at the grant date assuming that the maximum level of performance conditions is achieved are: Mr. Weisz, \$1,140,018; Mr. Geller, \$420,012; Mr. Cunningham, \$269,972; Ms. Kane-Hanan, \$240,030; and Mr. Miller, \$240,030. The values of the Performance Units granted in 2012 at the grant date assuming that the maximum level of performance conditions is achieved are: Mr. Weisz, \$1,859,978; Mr. Geller, \$779,976; Mr. Cunningham, \$330,022; and Mr. Miller, \$285,026.

(3) This column reports all amounts earned under the bonus plan and sales incentive plan in effect for such fiscal year, whether paid or deferred under other employee benefit plans. Amounts earned under a bonus plan during a fiscal year were paid in the first quarter of the following fiscal year. For Mr. Miller, for 2011 this column also includes \$5,011 paid to him under his sales incentive plan, which reflects the \$25,676 he earned under that plan, less the \$20,665 we withheld as a result of an overpayment to him in 2010.

- (4) The values reported equal the excess of the return on amounts credited to accounts in the Marriott Deferred Compensation Plan at the annually designated rate of return over 120 percent of the applicable federal long-term rate, as discussed below under “Nonqualified Deferred Compensation for Fiscal Year 2013.”
- (5) All Other Compensation for 2013 consists of company contributions to the 401(k) Plan (\$7,650 for each named executive officer) and premiums for an insurance policy on the life of each named executive officer (\$557 for Mr. Weisz; \$460 for Mr. Geller; \$414 for Mr. Cunningham; \$390 for Ms. Kane-Hanan; and \$552 for Mr. Miller).

- (1) “Bonus” refers to our Bonus Plan in which our named executive officers participated. “RSUs,” “SARs” and “Performance” refers to RSUs, SARs and Performance Units, respectively, granted under the Stock and Cash Incentive Plan. “Incentive” refers to the Sales Incentive Plan in which Mr. Miller participated.
- (2) “Grant Date” applies to equity awards reported in the “Estimated Possible Payouts Under Equity Incentive Plan Awards,” “All Other Stock Awards” and “All Other Option/SAR Awards” columns. Our board approved grants of RSUs, SARs and Performance Units for the named executive officers on February 13, 2013, and the grant date of these awards was February 25, 2013.
- (3) The amounts reported in these columns include potential payouts corresponding to the achievement of the target and maximum performance objectives under the Bonus Plan and Sales Incentive Plan.
- (4) The awards were granted with an exercise or base price equal to the average of the high and low stock price on the NYSE on the date of grant.
- (5) The value reported for Equity Incentive Plan Awards, Stock Awards and Option/SAR Awards is the aggregate grant date fair value of the awards granted in 2013 as determined in accordance with accounting standards for share-based payments, although the expense of the awards is recognized for financial reporting purposes over the service period of the awards based on, with respect to the Performance Units, the probable outcome of the performance conditions. The assumptions for making the valuation determinations are set forth in Footnote No. 14, “Share-Based Compensation,” of the Notes to our annual Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended January 3, 2014.

The Grants of Plan-Based Awards table reports the potential dollar value of cash incentive awards under the Bonus Plan and/or Sales Incentive Plan at their threshold, target and maximum achievement levels, and the number and grant date fair value of RSUs, SARs and Performance Units granted under the Stock and Cash Incentive Plan to each named executive officer during the 2013 fiscal year. For cash incentives, this table reports the range of potential amounts that could have been

[Table of Contents](#)

earned by the executive under the Bonus Plan and/or Sales Incentive Plan for 2013, whereas the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table reports the actual value earned by the executive for 2013.

Annual RSU and SAR grants under the Stock and Cash Incentive Plan typically vest in four equal annual increments beginning a year after the grant date, contingent on continued employment. Even when vested, an executive could lose the right to exercise or receive a distribution of any outstanding stock awards if the executive terminated employment due to serious misconduct as defined in the Stock and Cash Incentive Plan, or if it is determined that the executive has engaged in competition or has engaged in criminal conduct or other behavior that was actually or potentially harmful. RSU award vesting is not accelerated upon retirement. These awards do not accrue or pay cash dividends and do not bear voting rights until they vest (in the case of RSUs) or are exercised (in the case of SARs) and shares are issued to the grantee.

Performance Units represent the right to receive shares of our common stock at the end of a performance period, which with respect to the Performance Units granted in 2013 began December 29, 2012 and will end on January 1, 2016. The number of shares that will be received following the end of the performance period will be based on the Company's cumulative achievement over the period with respect to specified performance objectives and can range from zero to two times the number of Performance Units granted. Performance Units generally will not vest if the named executive officer does not continue to be an active employee of the Company during the entire period from the grant date through the performance period or engages in competition or acts that are or potentially are injurious to the Company's operations, financial condition or business reputation; the named executive officers are also prohibited from soliciting any of our employees to leave our employment during the period from the grant date until the first anniversary of the termination of the officer's employment for any reason.

Outstanding Equity Awards at 2013 Fiscal Year-End

The following table shows information about outstanding options, SARs, RSUs and Performance Units of our common stock and Marriott International common stock as of January 3, 2014, our fiscal year-end. The market values are based on the closing price of our common stock or Marriott International's common stock, as the case may be, on the NYSE on January 3, 2014, the last trading day of our fiscal year, which was \$52.66 and \$48.65, respectively.

Table of Contents

- (1) “VAC RSUs,” “VAC SARs,” “VAC Options” and “Performance” refer to RSUs, SARs, Options and Performance Units, respectively, issued under the Stock and Cash Incentive Plan. “MAR RSUs,” “MAR SARs” and “MAR Options” refer to RSUs, SARs and Options, respectively, issued under the Marriott International Stock Plan. VAC RSUs, VAC SARs and VAC Options with a grant date prior to November 21, 2011 are Distribution Awards that were granted effective November 21, 2011 and relate to MAR RSUs, MAR SARs and MAR Options, respectively, with the grant dates indicated. The number of shares subject to SARs, options, and RSUs and the exercise prices of SARs and options reflect adjustments pursuant to the terms of the applicable plans and awards to reflect the Spin-Off. The awards retained the original terms and conditions after conversion.
- (2) Effective as of the completion of the Spin-Off, all holders of Marriott International RSUs on the November 10, 2011 record date for the Spin-Off received RSUs under the Stock and Cash Incentive Plan in an amount consistent with the “Distribution Ratio” of one share of our common stock distributed in the Spin-Off for every ten shares of Marriott International common stock, with terms and conditions substantially similar to the terms and conditions applicable to the Marriott International RSUs. Also, effective as of the completion of the Spin-Off, the holders of Marriott International stock options and SARs on the record date received stock options and SARs under the Stock and Cash Incentive Plan, in an amount consistent with the Distribution Ratio, with terms and conditions substantially similar to the terms and conditions applicable to the Marriott International stock options and SARs. We refer to the awards made pursuant to the Stock and Cash Incentive Plan with respect to these Marriott International awards as the “Distribution Awards.” The adjusted exercise price of each converted award was determined in order to preserve the aggregate intrinsic value of the stock options and SARs held by such persons. The exercise prices of Marriott International awards were adjusted based on the proportion of the Marriott International ex-distribution closing stock price to the sum of the total of the Marriott International ex-distribution and Marriott Vacations Worldwide “when issued” closing stock prices on the distribution date. The per share exercise price of each such Stock and Cash Incentive Plan converted award is equal to the proportion of the Marriott Vacations Worldwide “when issued” closing stock price on the distribution date to the sum of the total of the Marriott International ex-distribution and Marriott Vacations Worldwide “when issued” closing stock prices on the distribution date. With respect to each of the awards described above, after November 21, 2011, service with Marriott International and/or Marriott Vacations Worldwide will be treated as continuous service with respect to the awards. Thus, the vesting, exercisability and forfeiture of the awards generally will be determined taking into account all such service, including eligibility to be considered an approved retiree.
- (3) SARs vest and become exercisable in equal annual increments beginning a year after the grant date.

Nonqualified Deferred Compensation for Fiscal Year 2013

The Deferred Compensation Plan became effective during 2013, but no deferrals were made under that plan until after the end of the 2013 fiscal year. The following table discloses contributions, earnings, distributions and balances under the Marriott Deferred Compensation Plan for the 2013 fiscal year, which our executives ceased to be eligible to make further contributions under as of the Spin-Off. We have agreed to reimburse Marriott International for any payments made to our employees under the Marriott Deferred Compensation Plan.

(1) These amounts consist of the aggregate notional earnings during 2013 of each named executive officer's account in the Marriott Deferred Compensation Plan. Such earnings are reported in the Summary Compensation Table only to the extent that they were credited at a rate of interest in excess of 120 percent of the applicable federal long-term rate. The following table indicates the portion of each executive's aggregate earnings during 2013 that is reported in the Summary Compensation Table.

Name	Amounts Included in the Summary Compensation Table for 2013
S. Weisz	\$ 29,714
J. Geller	3,541
R. Cunningham	10,868
L. Kane-Hanan	4,362
B. Miller	11,297

- (2) These amounts consist of amounts in each named executive officer's total Marriott Deferred Compensation Plan account balance as of the last day of the 2013 fiscal year.
- (3) This amount consists of total of: the increase in the value of 48.4 shares of Marriott Vacations Worldwide deferred bonus stock held by Mr. Cunningham during 2013 based on the difference between the Company's 2012 fiscal year-end closing stock price of \$40.83 and its 2013 fiscal year-end closing stock price of \$52.66; and the increase in the value of 484 shares of Marriott International deferred bonus stock held by Mr. Cunningham during 2013 based on the difference between Marriott International's 2012 fiscal year end closing price of \$36.48 and its 2013 fiscal year-end closing stock price of \$48.65. All of the Marriott Vacations Worldwide shares and Marriott International Shares are fully vested and will be distributed to Mr. Cunningham in ten annual installments commencing on the January 2 following the date on which he ceases being employed by the Company.
- (4) This amount consists of the value of: 48.4 shares of Marriott Vacations Worldwide deferred bonus stock held by Mr. Cunningham based on the Company's 2013 fiscal year-end closing stock price of \$52.66; and the value of 484 shares of Marriott International deferred bonus stock held by Mr. Cunningham based on Marriott International's fiscal year-end closing stock price of \$48.65.

For 2013, Marriott International credited participant plan accounts with a rate of return determined by Marriott International. The rate of return was set at 5.4 percent for 2013, determined largely based on Marriott International's estimated long-term cost of borrowing. To the extent that this rate exceeds 120 percent of the applicable federal long-term rate, the excess is reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table.

Under the Marriott Deferred Compensation Plan, participants could defer the receipt of up to 80 percent of their salary, bonus and/or commissions, which amounts were immediately vested. In addition, the named

[Table of Contents](#)

executive officers were eligible to receive a discretionary match which, as with any other discretionary company contribution, for years commencing with 2009, was vested when made. A discretionary match, as well as any other discretionary company contribution, made for any year prior to 2009 vested 25 percent per year for each year that the executive remained employed by Marriott International following the date the company match was allocated to the executive's plan account, or if sooner, in full upon a change in control or approved retirement death or disability. Marriott International also could make an annual discretionary matching contribution to the named executive officers' Marriott Deferred Compensation Plan accounts, designed to make up for the approximate amount of matching contributions that would have been made under its 401(k) plan but for the application of certain nondiscrimination testing and annual compensation limitations under the Internal Revenue Code. Marriott International also could make an additional discretionary contribution to the named executive officers' Marriott Deferred Compensation Plan accounts based on subjective factors such as individual performance, key contributions and retention needs. Because our executives ceased to be eligible to make further contributions under the Marriott Deferred Compensation Plan as of the Spin-Off, no match or discretionary company contribution was received by any of the named executive officers for 2013.

Participants can receive a distribution of the vested portion of their Marriott Deferred Compensation Plan accounts upon termination of employment (including retirement or disability) or, in the case of deferrals by the executive (and related earnings), upon a specified future date while still employed (an "in-service distribution"), as elected by the executive. Each plan year's deferrals have a separate distribution election. Distributions payable upon termination of employment are payable as (i) a lump sum cash payment; (ii) a series of annual cash installments payable over a designated term not to exceed twenty years; or (iii) five annual cash payments beginning on the sixth January following termination of employment, in each case as elected by the executive. In-service distributions are payable as a single lump sum cash payment or annual cash payments over a term of one to five years, in either case beginning not earlier than the third calendar year following the calendar year of the deferral, as elected by the executive. However, in the case of amounts of \$10,000 or less, or when no election regarding the form of distribution was made, the distribution is made in a lump sum. If the executive is a "specified employee" for purposes of Section 409A of the Internal Revenue Code, any distribution payable on account of termination of employment would not occur until after six months following termination of employment. As a result of the Spin-Off, none of our named executive officers are or will be specified employees of Marriott International. The Spin-Off did not by itself trigger a distribution upon termination of employment under the Marriott Deferred Compensation Plan, and continued employment with the Company is treated as employment for purposes of the Marriott Deferred Compensation Plan.

Potential Payments Upon Termination or Change in Control

The following information relates to benefits that would have been paid or payable had a change in control occurred and/or a named executive officer terminated employment with us as of January 3, 2014. The table below reflects the intrinsic value of unvested stock awards, unvested Marriott Deferred Compensation Plan accounts and incentive payments under the Bonus Plan and Sales Incentive Plan that each named executive officer would have received upon retirement, disability, death, resignation, involuntary termination of employment, or a change in control as of January 3, 2014 (based on our fiscal year-end closing stock price of \$52.66 and Marriott International’s fiscal year-end closing stock price of \$48.65).

- (1) Mr. Weisz is eligible for “approved retiree” status under each of the Marriott Deferred Compensation Plan, the Stock and Cash Incentive Plan and the Marriott International Stock Plan and as a result would receive the benefits shown in this table under such plans as well as a pro-rata bonus based on actual performance under the 2013 Bonus Plan if he ceased being employed by the Company for any reason on January 3, 2014 and satisfied the requirements of such plans for qualification as an approved retiree. The amount shown with respect to annual bonus is the actual payout amount.
- (2) Upon death or disability, the named executive officer would be entitled to a pro-rata bonus based on actual performance under the 2013 Bonus Plan, and all unvested benefits under each of the Stock and Cash Incentive Plan and the Marriott International Stock Plan would fully vest. The amount shown with respect to annual bonus for each named executive officer is the actual payout amount.
- (3) Upon resignation or termination with cause, no benefits would be payable. In addition, there are no contractual rights providing for payment upon a termination without cause other than in connection with a change in control. Any such payments would be based upon negotiation at the time of such termination.
- (4) As described above under “Change in Control Arrangements,” a named executive officer who participates in the Change in Control Plan and who executes a waiver and release of claims in favor of the Company will receive the following severance benefits if his or her employment is terminated involuntarily by the Company or any of its affiliates, other than due to Cause, Total Disability, or death, or is terminated by the named executive officer for Good Reason, in each case, within two years following a Change in Control of the Company: (1) a cash severance payment, payable in a lump sum, equal to two times (or three times, in the case of the President and Chief Executive Officer of the Company) the sum of his

or her Base Salary and Target Bonus; (2) twenty-four months (or thirty-six months, in the case of the President and Chief Executive Officer of the Company) of Company-subsidized medical, dental and life-insurance coverage for such named executive officer and his or her spouse and dependents, at the same benefit level as provided to the executive immediately prior to the Change in Control, or the cash equivalent of the present value of such coverage (“Benefit Coverage”); (3) any unpaid Base Salary through the Termination date (“Unpaid Base Salary”); (4) any unpaid bonus as of the Termination date for any previously-completed fiscal year (“Unpaid Bonus”); (5) a pro-rata bonus for the fiscal year in which the named executive officer’s employment is terminated; (6) reimbursement of any unreimbursed expenses properly incurred; (7) vesting of all restricted stock, RSUs or other share-based awards in a form substantially similar to restricted stock or RSUs as of the Termination date; (8) vesting of all unvested or unexercisable options, SARs or other share-based awards in a form substantially similar to options or SARs, which shall be exercisable until the earlier of the end of their original term or 12 months (or in the case of certain approved retirees, five years) following the Termination date; and (9) the vesting and immediate payment of all of other cash performance-based awards or other share-based awards subject to performance-based vesting criteria based on a presumed achievement of target levels of performance. No amounts are shown for Unpaid Base Salary or Unpaid Bonus as there would be no such amounts unpaid on the last day of the fiscal year. Certain terms in this footnote are defined above under “Change in Control Arrangements.”

(5) Consists of the Benefit Coverage payable under the Change in Control Plan.

(6) The value of Performance Units is calculated by assuming achievement at the maximum level of performance. Upon retirement or permanent disability (as defined in the pertinent plan), a named executive officer may continue to vest in and receive distributions under outstanding stock awards (with the exception of certain supplemental RSU awards granted by Marriott International after 2005) for the remainder of their vesting period and may exercise options and SARs for up to five years in accordance with the awards’ original terms. Annual stock awards granted by Marriott International after 2005 and by us provide that if the executive retires within one year after the grant date, the executive forfeits a portion of the stock award proportional to the number of days remaining within that one-year period. For these purposes, retirement means a termination of employment with retirement approval of the Compensation Policy Committee by an executive who had attained age 55 with 10 years of service, or, for Marriott International Stock Plan annual stock awards granted before 2006, had alternatively attained 20 years of service. In all cases, however, the Compensation Policy Committee or its designee has the authority to revoke approved retiree status if an executive terminated employment for serious misconduct or was subsequently found to have engaged in competition or engaged in criminal conduct or other behavior that was actually or potentially harmful to the Company. A named executive officer who dies as an employee or approved retiree would immediately vest in his or her options, SARs and other stock awards. As of January 3, 2014, Mr. Weisz met the age and service conditions for retirement eligibility.

The benefits reported in the table and narrative above are in addition to benefits available prior to the occurrence of any termination of employment, including benefits available under then-exercisable SARs and options and vested Marriott Deferred Compensation Plan balances, and benefits available generally to salaried employees such as benefits under the 401(k) Plan, group medical and dental plans, life and accidental death insurance plans, disability programs, health and dependent care spending accounts, and accrued paid time off. Amounts actually received if any of the named executive officers cease to be employed will vary based on factors such as the timing during the year of any such event, the price of the Company’s stock and Marriott International’s stock, the named executive officer’s age, and any changes to our benefit arrangements and policies. We may determine to provide additional or different benefits in connection with any executive’s termination.

Compensation Arrangements for Non-Employee Directors

For 2013, our compensation arrangements for our non-employee directors for service on our Board of Directors consisted of:

- an annual cash retainer of \$70,000 for each non-employee director other than the Chairman and \$110,000 for the Chairman;
- an annual cash retainer of \$20,000 for the chairs of each of the Audit Committee, the Compensation Policy Committee and Nominating and Corporate Governance Committee;

Table of Contents

- an annual cash retainer of \$15,000 for the Lead Independent Director; and
- an annual equity grant (the “Non-Employee Director Share Awards”) with a value of \$105,000 for each non-employee director other than the Chairman and \$165,000 for the Chairman.

The Non-Employee Director Share Awards, which vest immediately, represent the right to receive shares of the Company’s common stock upon a director’s completion of Board service. Prior to a director’s completion of Board service, the Non-Employee Director Share Awards cannot be transferred or assigned, and the director has no voting rights in the common stock underlying the awards.

Our non-employee directors are eligible to participate in the Deferred Compensation Plan. A non-employee director may defer all or part of any non-employee director fees until such future date as he or she elects in accordance with the terms of the Deferred Compensation Plan. A non-employee director may elect to receive his or her deferred amounts in a lump sum or in installments over five, ten, fifteen or twenty years at either a separation from service or upon any of the first five anniversaries of a separation from service. Alternatively, he or she may elect to receive his or her deferred amounts in a lump sum in January of a specified year. Participants' accounts will be credited with an investment return determined as if the account were invested in one or more investment funds made available by the administrator of the Deferred Compensation Plan (or which may be based on a fixed rate of interest selected by the administrator). The rate of return was set at 5.6 percent for 2014. To the extent that this rate exceeds 120 percent of the applicable federal long-term rate, the excess will be reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column.

Clawbacks

Under our clawback policy, the Board may recoup any compensation from a director who has engaged in conduct that violates our Business Conduct Guide or in willful misconduct or fraud that causes harm to the Company. Compensation received up to three years prior to the conduct and after the date the adoption of the policy is subject to potential recoupment under the policy.

Stock Ownership Guidelines

Under our stock ownership guidelines, non-employee directors are to achieve ownership of stock with a value equal to five times their Board cash retainer for the fiscal year for which compliance is being evaluated. Directors who served in such capacity at the time of the Spin-Off are expected to achieve compliance by the end of 2016; other directors are expected to achieve compliance by the end of their fifth full year of service. For purposes of determining compliance with the guidelines, the following are considered shares owned by the director: shares owned by the director and his or her spouse; shares held by a trust any beneficiaries of which are the director or his or her family members; shares held jointly with others; restricted stock awards; restricted stock unit awards; non-employee director share awards; and share equivalents deferred in accordance with our plans. The Compensation Policy Committee receives an annual report of the ownership achieved by each director as of the end of the fiscal year, with the achievement level determined by reference to the average of the closing prices of our common stock for the 20 trading days ending on the last trading day of the fiscal year.

Pledging and Derivative Transactions

We recently adopted a policy prohibiting directors from including Marriott Vacations Worldwide stock or other securities in a margin account or pledging such securities as collateral for a loan. We also have a policy which prohibits all directors from shorting the sale of our stock or securities, or from buying, selling, writing or otherwise entering into any other "derivative" transaction related to our stock or securities, including options, warrants, puts, calls, and similar rights.

As of April 1, 2014, the aggregate total beneficial ownership of the parties listed under the heading "Marriott Family" is approximately 18.1 percent of outstanding shares after removing the shares counted multiple times. These individuals and entities each disclaim beneficial ownership over shares owned by other members of the Marriott family and the entities named below except as specifically disclosed in the footnotes following the table below.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10 percent of a registered class of our equity securities (the "Reporting Persons") to file with the SEC and the NYSE reports on Forms 3, 4 and 5 concerning their ownership of and transactions in the common stock and other equity securities of the Company, generally within two business days of a reportable transaction. As a practical matter, we seek to assist our directors and executives by monitoring transactions and completing and filing reports on their behalf.

Based solely on a review of SEC filings furnished to us and written representations that no other reports were required, we believe all Reporting Persons timely filed the required reports during our 2013 fiscal year except a Form 4 that was filed late for each of Deborah M. Harrison and Stephen G. Marriott to report the withholding of less than 2 shares of common stock by the Company in respect of taxes due upon the vesting of restricted stock units. Each untimely report was due to an administrative error.

TRANSACTIONS WITH RELATED PERSONS

Policy on Transactions and Arrangements with Related Persons

We have adopted a written policy for approval of transactions and arrangements between the Company and our current and recent former directors, director nominees, current and recent former executive officers, greater than five percent shareholders, and immediate family members of any of the foregoing where the amount involved exceeds, or may be expected to exceed, \$120,000.

The policy provides that the Nominating and Corporate Governance Committee will review the material facts of transactions subject to the policy and determine whether or not to approve or ratify those transactions. In determining whether to approve or ratify a transaction subject to the policy, the Committee will take into account, among other factors, whether the transaction is on terms that are no less favorable to the Company than terms generally available to an unaffiliated third party under similar circumstances and the materiality of the related person's interest in the transaction. No director, officer or associate of the Company who has, or whose immediate family member has, any direct or indirect interest in the transaction may play any role in negotiating, approving, making decisions for or administering such transaction on our behalf. In the case of ongoing transactions between us and a related party, the Nominating and Corporate Governance Committee may establish guidelines for our management to follow in dealings with the related party and, if the Committee establishes such guidelines, it must assess the ongoing relationship in light of those guidelines on at least an annual basis.

The Nominating and Corporate Governance Committee has pre-approved under the policy certain transactions with related persons that meet specific criteria. A summary of certain new transactions we enter into that were pre-approved under the policy is required to be provided to the Nominating and Corporate Governance Committee at its regularly scheduled meetings. Pre-approved transactions are limited to:

- ordinary course sales of timeshare, fractional or similar ownership interests with specified maximum dollar thresholds at prices that are no lower than those available under Company-wide employee discount programs;
- employment and compensation relationships that are subject to Compensation Policy Committee or other specified internal management approvals and which, in the case of executive officers and directors, are subject to required proxy statement disclosure;
- certain transactions with other companies and certain charitable contributions that satisfy the independence criteria under both our Corporate Governance Policies and the NYSE Listing Standards;
- certain transactions with Marriott International in the ordinary course of business, if the interest of J.W. Marriott, Jr. or any of his immediate family members only arises from ownership of less than 20% of the Company's common stock and from a relationship with Marriott International as an employee, director and/or beneficial owner of less than 20% of Marriott International's shares, and all holders of each of our common stock and Marriott International's common stock, respectively, will receive the same benefit on a pro rata basis;
- transactions where the related party's interest arises solely from ownership of our common stock and all holders of our common stock receive the same benefit on a pro rata basis;
- certain transactions involving less than \$250,000 that are approved by at least two members of the Corporate Growth Committee (an internal management committee whose members include our Executive Vice President and Chief Financial Officer, Executive Vice President and General Counsel, and other executive officers) who do not have any direct or indirect interest in the transaction and the approving committee members determine the transaction is on terms no less favorable to us than would be available to unrelated third parties under similar circumstances;

- transactions where the rates or charges involved are determined by competitive bids, or fixed in conformity with law or governmental authority; and
- transactions involving banking-related services such as transfer agent, registrar, trustee under a trust indenture or similar services.

Certain Relationships and Potential Conflicts of Interest

Deborah M. Harrison, who served as a member of our Board of Directors during 2013 until her resignation effective as of September 7, 2013, was employed while she served on our Board by Marriott International as Senior Vice President, Government Affairs; Ms. Harrison has served as Marriott International's Global Officer, Marriott Culture and Business Councils since September 23, 2013. Ms. Harrison is also the daughter of the chairman of the board of directors of Marriott International. Ms. Harrison beneficially owned, as of January 31, 2014, approximately 10.2 percent of Marriott International's common stock. In 2013, Ms. Harrison received total compensation from Marriott International of \$387,000 (which includes base salary, bonus, the value of stock-based awards and other compensation). She received our standard non-employee director compensation, as determined by our Board with the assistance of our Compensation Policy Committee, as described in "Compensation Arrangements for Non-Employee Directors" above.

Prior to her resignation from our Board of Directors, Ms. Harrison's relationship with Marriott International may have given rise to, or created the appearance of, conflicts of interest when our Board faced decisions that could have had different implications for Marriott International than for us. In connection with the Spin-Off, we and Marriott International entered into material agreements pertaining to the provision by each company to the other of certain services, and the rights and obligations of each company, following the Spin-Off. Among other agreements, we entered into a License, Services, and Development Agreement with Marriott International (the "Marriott License Agreement") and a License, Services, and Development Agreement with The Ritz-Carlton Hotel Company, L.L.C. (the "Ritz-Carlton License Agreement" and, together with the Marriott License Agreement, the "License Agreements"). Under the License Agreements, we are granted certain rights, including the right, for the terms of the License Agreements, to use certain Marriott and Ritz-Carlton marks and intellectual property in our businesses. We also entered into a Non-Competition Agreement with Marriott International, which generally prohibits Marriott International and its subsidiaries from engaging in the vacation ownership business and prohibits us and our subsidiaries from engaging in the hotel business until the earlier of November 21, 2021 or the termination of the Marriott License Agreement. We also entered into other agreements, including a Marriott Rewards Affiliation Agreement under which we are allowed to continue to participate in the Marriott Rewards customer loyalty program following the Spin-Off, a Tax Sharing and Indemnification Agreement, an Employee Benefits and Other Employment Matters Allocation Agreement, and a number of transition services agreements with Marriott International. Conflicts of interest could have arisen if there are issues or disputes under these agreements. In addition, conflicts of interest could have arisen if we had considered acquisitions and other corporate opportunities that may have been appropriate for both Marriott International and us. As discussed above in "Policy on Transactions and Arrangements with Related Persons," our Board adopted a written policy and procedures for the review, approval and ratification of related party transactions that are designed to help ameliorate the risks associated with any such potential conflicts that may arise. The policy provides that our Nominating and Corporate Governance Committee, which at no time included Ms. Harrison, will review certain transactions subject to the policy and determine whether or not to approve or ratify those transactions.

Since the Spin-Off, we have employed Scott Weisz, son of Stephen P. Weisz, our President and Chief Executive Officer. Scott Weisz is Senior Director, Asset Management, and he was previously employed in a similar capacity by Marriott International. During 2013, Mr. Scott Weisz received compensation from the Company in the aggregate amount of \$193,794 (which includes base salary, bonus, the value of stock-based awards and other compensation). We have determined this compensation based on reference to market compensation paid to individuals in similar positions at other companies and/or the compensation paid to non-family members in similar positions at the Company.

SHAREHOLDER PROPOSALS AND NOMINATIONS FOR DIRECTORS FOR THE 2015 ANNUAL MEETING

A shareholder who intends to introduce a proposal for consideration at our 2015 Annual Meeting of Shareholders may seek to have that proposal and a statement in support of the proposal included in our Proxy Statement if the proposal relates to a subject that is permitted under Rule 14a-8 under the Exchange Act. Additionally, in order to be eligible for inclusion in our Proxy Statement, the shareholder must submit the proposal and supporting statement to our Corporate Secretary in writing not later than December 23, 2014, and must satisfy the other requirements of Rule 14a-8. Shareholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of applicable securities laws. The submission of a shareholder proposal does not guarantee that it will be included in our Proxy Statement.

A shareholder may otherwise propose business for consideration or nominate persons for election to the Board, in compliance with federal proxy rules, applicable state law and other legal requirements and without seeking to have the proposal included in our Proxy Statement pursuant to Rule 14a-8. Our Bylaws provide that any such proposals or nominations must be submitted to us not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting. In the event that the date of the Company's annual meeting is more than 30 days before or more than 70 days after the first anniversary of the preceding year's annual meeting (other than as a result of adjournment or postponement), then, to be timely, such shareholder's notice must be submitted in writing not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the date on which public announcement of the date of such meeting is first made by the Company. Accordingly, shareholders who wish to nominate persons for election as directors or bring forth other proposals outside of Rule 14a-8 at the 2015 Annual Meeting of Shareholders must give notice of their intention to do so in writing to our Corporate Secretary on or before March 8, 2015, but no sooner than February 6, 2015. The shareholder's submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the shareholder's ownership of common stock as required by the Company's Bylaws. Shareholder proposals or nominations not meeting these requirements will not be entertained at the Annual Meeting.
